

Harpersfield Approves Stream Management

By Celin Schoen

HARPERSFIELD - Two public hearings preceded the April 13 meeting of the Harpersfield Town Council. The first was to consider adoption of the West Branch Delaware River Stream Corridor Management Plan. Nicole Franzese, director of the Delaware County Planning Department, and Jessica Rall, Delaware County Soil and Water Conservation District stream program technician, were present to answer any questions that might arise, but no one came forward to be heard. The hearing was closed, and councilmen unanimously approved the plan.
